

# Installing Read&Write for Mac

## Let's Get Started

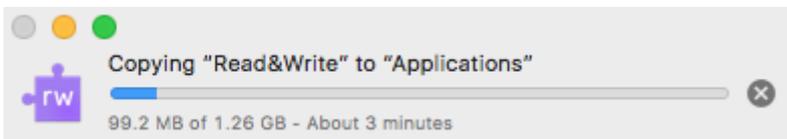

1. Click below to view the preferred system requirements:  
**Big Sur OS 11 Compatibility With Read&Write For Mac**  
**Monterey 12 Compatibility With Read&Write For Mac**
2. Copy and paste the link below into your internet address bar to access the Read&Write installation file:  
<https://fastdownloads2.texthelp.com/readwritemac7/installers/read&write.dmg>
3. Click Save, and the file read&write.dmg should automatically begin downloading into your default Downloads folder.
4. Locate the read&write.dmg file you just downloaded, then double click the file to run the Read&Write installer.

3 Locate and download the Read&Write.dmg

4 Run the Read&Write.dmg and you will get the following screen, drag the Read&Write icon to the Applications folder

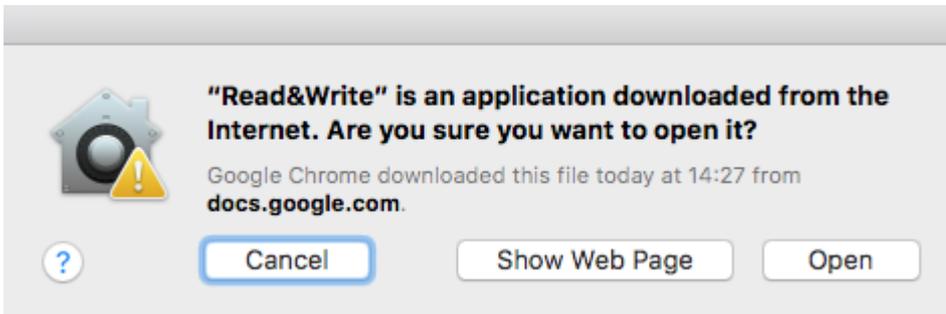

5 Read&Write will start copying to your Applications

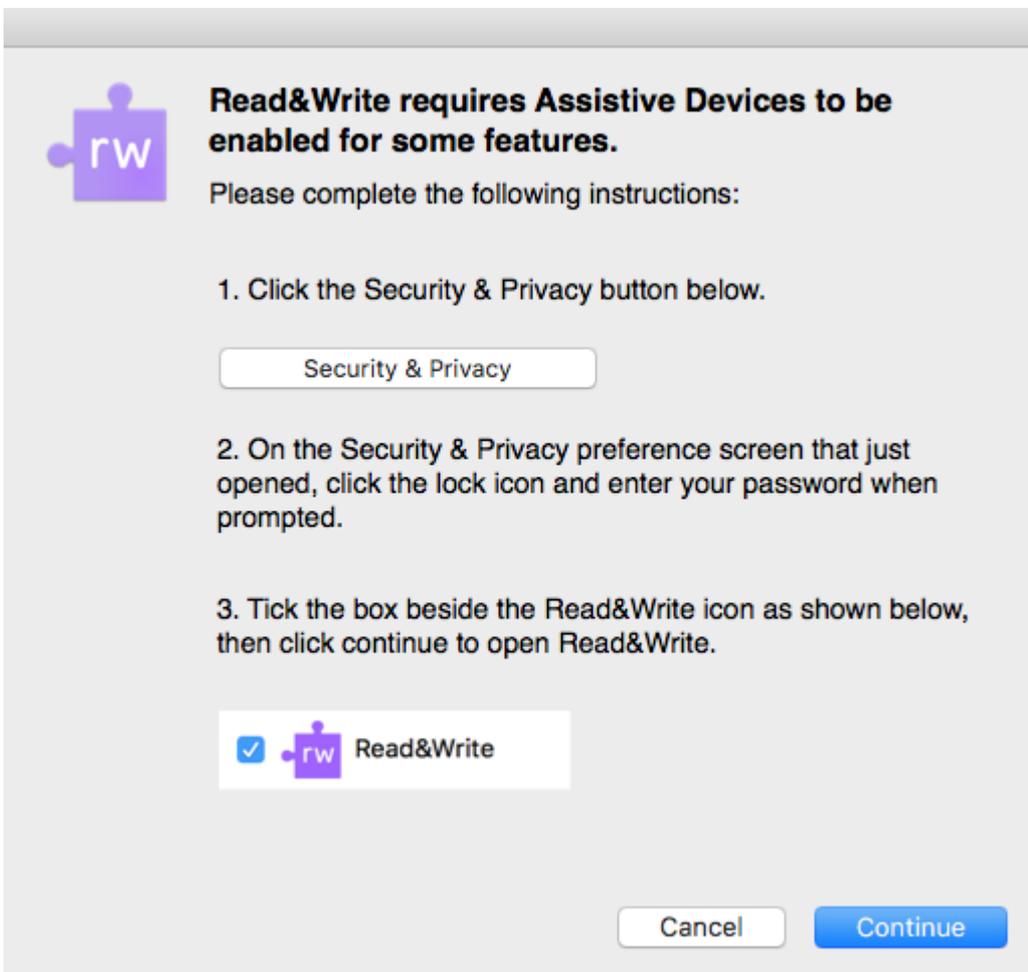

6 The Read&Write icon will appear in your Applications folder, double click to run

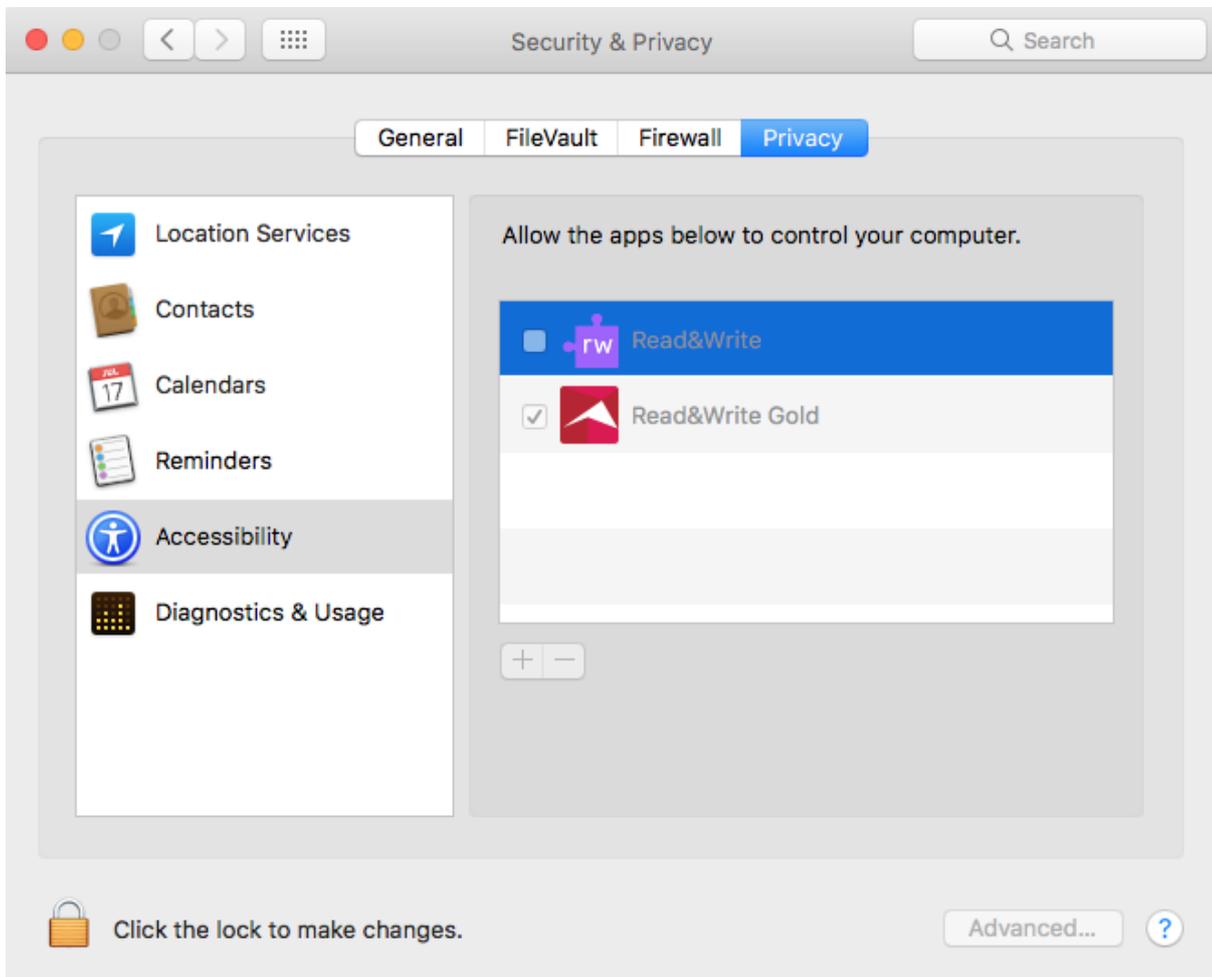

7 Select Open

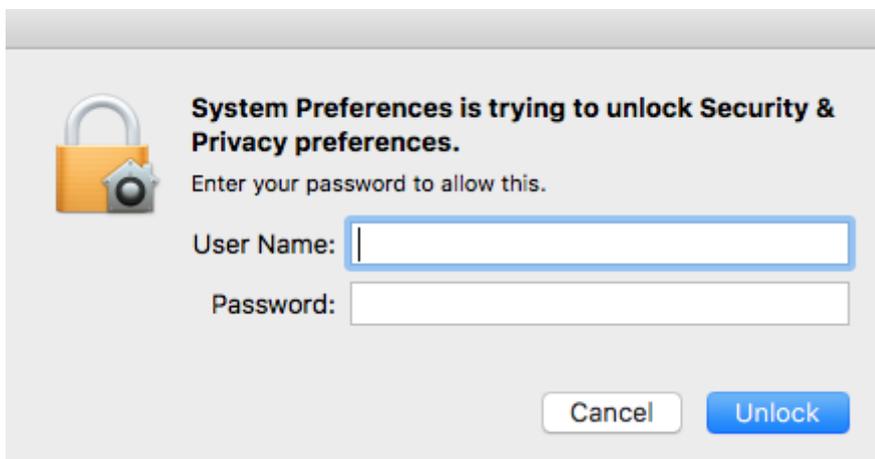

8 Read&Write requires Assistive Devices so select Continue

9 On the **Security & Privacy Screen** tick the purple Read&Write icon and select the Lock icon at the bottom of the window

10 Please Enter your User Name and Password to enable Read&Write and select Unlock

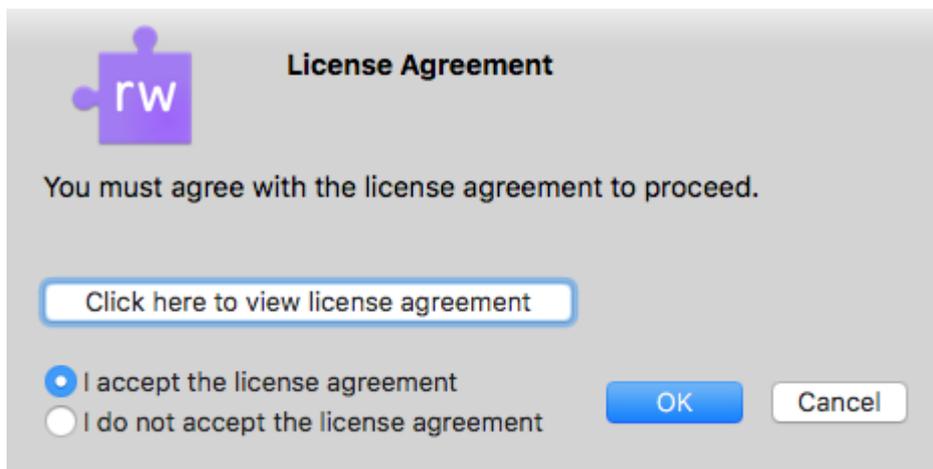

11 The Read&Write icon will appear in the top right hand corner of your screen as below, click on it

12 Click OK to accept the User agreement

You are now ready to **login to Read&Write to** use it for the first time.

## Signing in

When running Read&Write for the first time, you will be required to sign in to access Premium features. To sign in to Read&Write:-

1 Click the person icon in the top right corner of your Read&Write for Mac:

2 Click on the Sign in with Microsoft button

Why do we need this?

3 Enter your Microsoft login details and click on the Sign in button.

Make sure you sign in with your ACU staff or student email account ([username@acu.edu.au](mailto:username@acu.edu.au), for staff or [username@myacu.edu.au](mailto:username@myacu.edu.au) for students) then click Next

4 Click on the Yes button to accept the permissions.

Sign in

**ReadAndWrite Desktop needs your permission to:**

-  **Read your profile**  
ReadAndWrite Desktop will be able to read your profile.
-  **View your email address**  
ReadAndWrite Desktop will be able to read your primary email address.
-  **View your basic profile**  
ReadAndWrite Desktop will be able to see your basic profile (name, picture, username).
-  **Sign you in**  
ReadAndWrite Desktop will be able to sign you in and assign a unique and anonymous ID to your account.

You can change these [application permissions](#) at any time in your account settings.

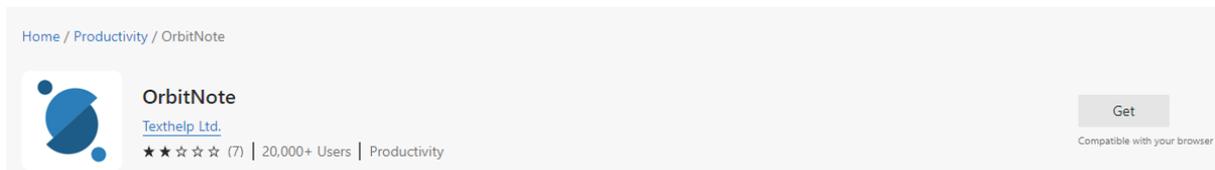

Congratulations! You have now successfully installed Read&Write on your Windows computer.

Now, let's install two extensions so Read&Write works in Edge/Google Chrome and with PDFs

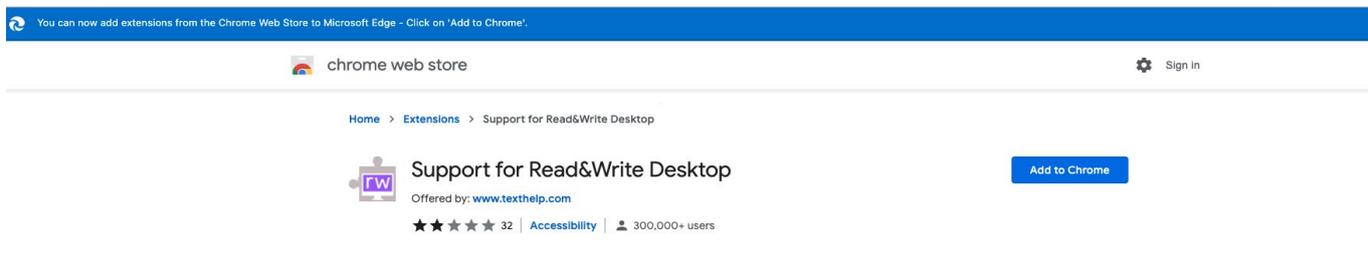

1. Add the OrbitNote extension for Chrome (or Edge for Mac if you prefer) from [Chrome Web Store](#) or [Microsoft Edge Add-ons](#)

2. Click on Add to Chrome

3. Add the [Support for Read&Write Desktop](#) extension

4. Click on Add to Chrome button

Congratulations! You have now successfully installed everything you need to use Read&Write on your computer!
